PROFESSIONAL SUMMARY

Detail-oriented Computer Science graduate focused on Frontend Web Development, with 6 months of hands-on internship experience in building responsive web interfaces, optimizing UI performance, and fixing layout issues. Skilled in HTML5, CSS3, JavaScript, Bootstrap 5, and React.js. Familiar with SDLC, Git/GitHub version control, and debugging using Chrome DevTools. Eager to contribute as a Junior Frontend Developer / Trainee in a dynamic tech team.

WORK EXPERIENCE

Web Development Intern

Nexgeno Technologies Pvt. Ltd. | Mumbai

06/2025 – 11/2025

- Developed and optimized responsive UI components and web pages across 5+ modules using HTML5, CSS3, and Bootstrap 5, ensuring cross-device compatibility.
- Implemented core JavaScript functionality for dynamic form validations, user interactions, and event handling.
- Assisted in improving UI performance and debugging layout inconsistencies using Chrome DevTools.
- Built dynamic features and assisted in integrating frontend components with application workflows.
- Collaborated within an Agile team of developers, participating in daily stand-ups and sprint tasks to deliver projects on time.

TECHNICAL SKILLS

- **Frontend Technologies:** HTML5, CSS3, JavaScript, React.js, Bootstrap 5.
- **Programming Languages:** Java (Basic).
- **Tools & Platforms:** Git, GitHub, Chrome DevTools, VS Code, MS Excel.
- **Core Concepts:** Responsive Web Design, DOM Manipulation, State Management basics, Software Development Life Cycle (SDLC), STCL(Manual testing).
- **Database:** SQL (Basic), MongoDB (Basic).
- **Backend:** Node.js (Basic), Express.js (Basic).

PROJECTS

1. Contact Manager — Full-Stack Web Application

- Developed a full-stack Contact Manager application to add, manage, and search contact information.
- Built the frontend using **HTML, CSS, and JavaScript** with form validation and a responsive user interface.
- Developed backend APIs using **Node.js and Express.js** for handling contact-related operations.

- Integrated **MongoDB** to store and manage contact data.
- Tested application functionality including form validation, contact creation, search, and input handling.
- Deployed the application for live access.

2. Sorting Visualizer (Academic Project)

- Built an interactive web-based sorting visualizer to demonstrate the functionality and efficiency of various sorting algorithms (Bubble Sort, Selection Sort, Quick Sort).
- Utilized advanced JavaScript logic and DOM manipulation for real-time visual updates and performance tracking.
- **Technologies Used:** HTML, CSS, JavaScript.

3. To-Do List Web Application

- Developed a dynamic task management application featuring add, delete, and mark-as-complete functionalities.
- Integrated browser localStorage to persist user tasks and data across page reloads using JavaScript event handling.
- **Technologies Used:** JavaScript, HTML, CSS, LocalStorage API.

CERTIFICATIONS

- Completed "DSA with Java" and "Web Development" courses from Apna College (2023-2024).

EDUCATION

- **B.Tech in Computer Science & Engineering (CSE)**
R.D. Engineering College, Duhai, Ghaziabad | 08/2019 - 08/2023 | **Score: 72.7%**
- **Intermediate (Class 12th)**
J.L. Inter College, Prayagraj | 04/2018 - 04/2019 | **Score: 66.4%**
- **High School (Class 10th)**
S.V.B.P. Inter College, Prayagraj | 04/2016 - 06/2017 | **Score: 86.7%**

LANGUAGES

- **English:** Professional Working Proficiency
- **Hindi:** Native
